While dealing with the question of the mode of appointment, the Committee shall also suggest as to a transparent mode in the selection of the dealers. The Committee shall also indicate as to how more effective action can be taken on the report of the Vigilance Committees already appointed. It goes without saying that the same shall be in addition to the legal remedies available to any citizen in setting law into motion... The Committee would invite suggestions from general public, organizations and would consider the suggestions, if any received, in the proper perspective.

We request the Committee to give its report within a period of four months so that further instruction/directions can be given... This direction is initially given for the Government of Delhi to be followed on all India basis."

Electrification of rail lines in Tamil Nadu

*435. SHRI S.P.M. SYED KHAN: Will the Minister of RAILWAYS be pleased to state:

(a) whether Government have received proposals from the Government of Tamil Nadu for electrification of rail lines in the State;

(b) if so, the details thereof and the current status of those proposals; and

(c) the electrification projects, currently under implementation and consideration State-wise?
